

Our **extra large, heavy duty trash bags** are a product that everyone finds useful. Made in the USA, these nominal 2-mil thickness can liners are perfect for **yard waste, contractor clean-up, events usage, and more.**

Plus, they are **environmentally friendly** as they are made from recycled material! You can sell rolls of our bags at a **great price** — as little as half the retail price of comparable bags.

Just collect advance orders from your supporters, tally up your totals, and then purchase the rolls you need at wholesale pricing.

*It's that easy to raise money for your group's goals!*
